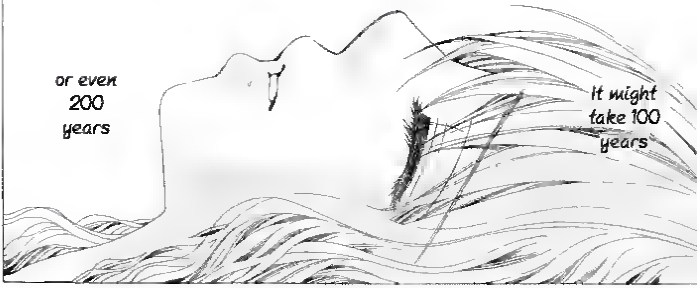
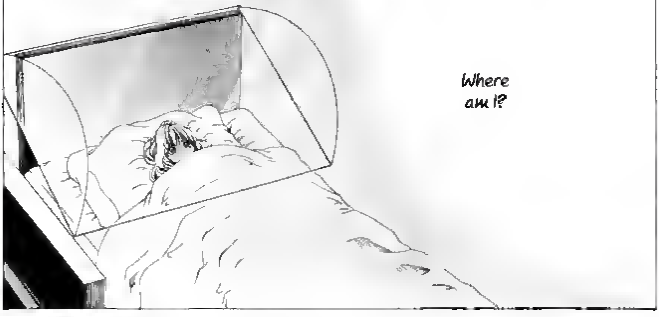
Say Riyu.

are we in the middle of a nightmare?

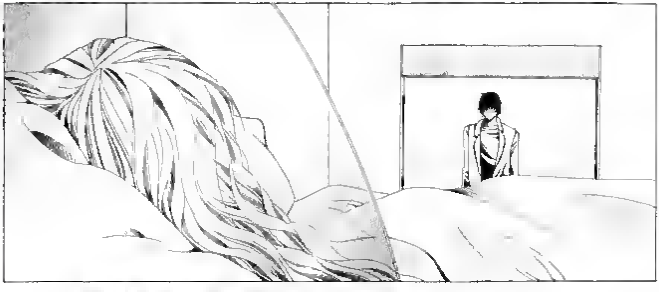


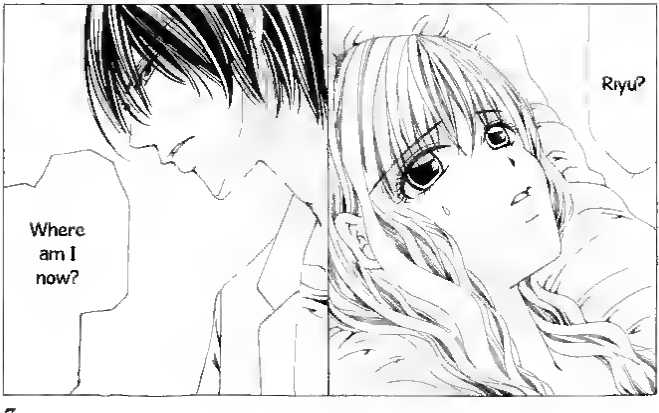
It might take 100 years
or even 200 years

but I couldn't always escape
that dream.



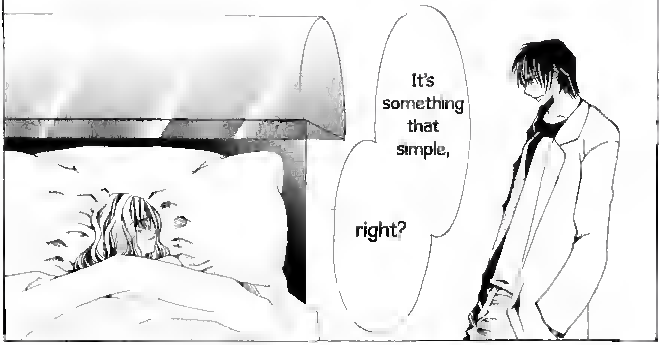
Where am I?



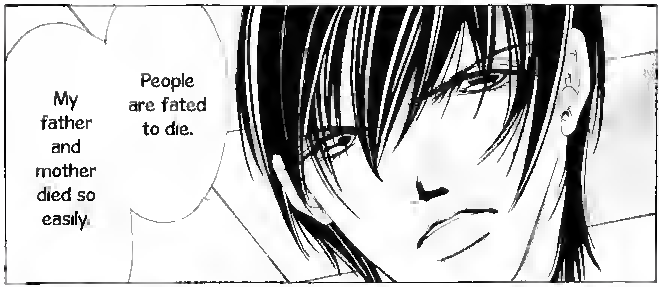


Where am I now?
Riyu?

In the hospital.
...It's possible
I'll probably ... die.



It's something that simple,
right?



People are fated to die.
My father and mother died so easily.

My dad also...
He's gone so suddenly
Right?

he wanted to be in the hospital where you were treated.
Because
that's the place he wants to die.

Alice -san, my father asked me to give you this.

He said that if you didn't even have a single memory,
you can finally look to the future.

"You are my beloved and dear friend. Alice"
"ONE LAST TIME" ?
.....
Do you...
...want to see him one last time?

Last...

Don't tell Riyu,
OK?

He said...

It's so Kawai!
Haha! You're embar-rassed!
PEOPLE SHOULDN'T TELL MEN THEY ARE "KAWAI"!!
NOT AT ALL!
You're great!

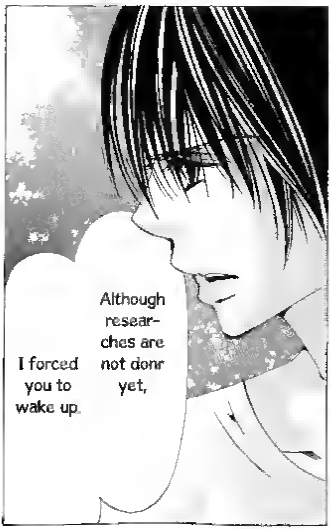
I cannot cure
your illness.

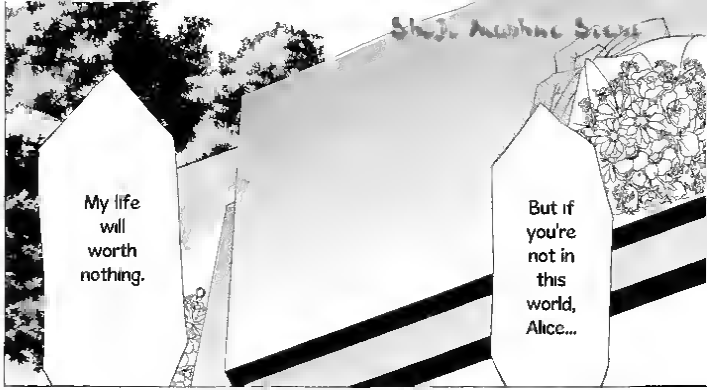


I forced you to wake up.
Although researches are not done yet,

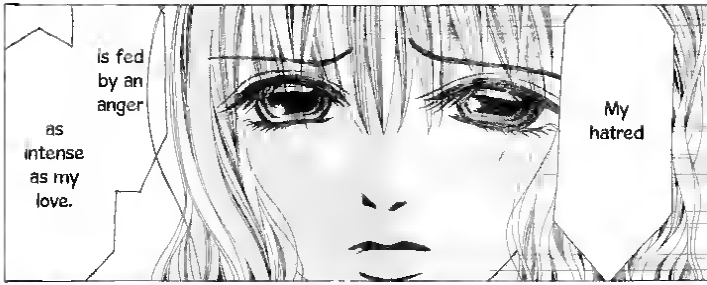
Drugs don't work either.

Since I was old enough to understand,
I observed you all the time
Whether it was hatred or love,
you were always present in my mind...

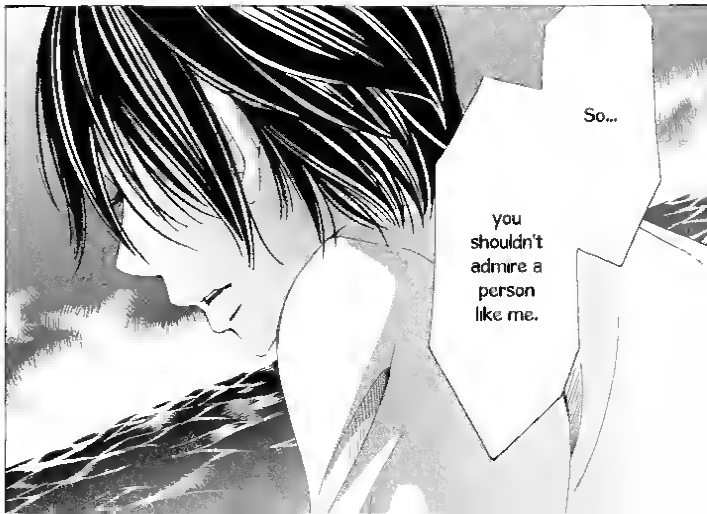
Because of my hatred for you,
I did everything I can to surpass my father.
I really loved my mother...



My life will worth nothing.
But if you're not in this world, Alice...



My hatred is fed by an anger as intense as my love.



So... you shouldn't admire a person like me.

If we announced a failure,
Your dad and my mom can't rest in peace.

Let us ensure that Aizawa Alice suddenly disappears.

You wanted ...
to do the same thing, right?
After all,
researchers don't wish such a thing.
If we repeat the experiment using Aizawa Alice, it would only be to treat her just like a doll
